

Hurricane Resistant Homes

GLOBAL LIVING TECHNOLOGIES.

“ A Division of KTC Enterprises, Inc.”

At Global Living Technologies, we are changing the way America is built. GLT dedicates itself to giving you the very best of construction technologies for energy efficiency, security, longevity and building green.

Global Living Technologies offers a green building alternative in conjunction with Insulated Concrete Technologies (ICT™). Our product provides significant cost savings to building projects at the medium to upper scale residential level, and dramatic competitive advantage for larger commercial, industrial, and multi-unit community developments.

Insulated Concrete Technologies is a Total Insulated Concrete Envelope from slab to roof.

Our company combines forces with the best concrete technology in the market.

Our product is proven with over 30 years of use worldwide.
